October 28, 2026

A huge THANK YOU from S.E. Thurston Fire Authority!

We want to express our appreciation to everyone involved in upgrading the City of Centralia power canal bridge crossings in Yelm.

To the residents and families affected, thank you for your patience, support and engagement.

And to the City of Centralia: thank you for making this a priority and investing the time, resources, and funding to get it done as quickly as possible. We truly appreciate the responsiveness and professionalism of your staff.

Mark King

Fire Chief
